PROJECTS

Northeastern University, Seattle, WA   Nov – Dec 2021
MoveMe
- Developed a rudimentary Android app, in which users can produce 3D animated scenes, with relatively little effort
- Combined mobile best-practices with Unreal Engine capabilities

Northeastern University, Seattle, WA   Dec 2020
Othello Game – Python (individual project)
- Created a one-player game of Othello, establishing logic for the opponent and utilizing Processing (Python Mode) to display graphics

WORK EXPERIENCE

Robin Healthcare, Remote   Oct 2019 – Jun 2020
Lead Virtual Medical Scribe
- Transcribed nearly 1000 office notes, using audible and visual cues, which freed physicians' time to better attend patients
- Provided trial notes for a physician interested in utilizing virtual medical scribes, ultimately lengthening the company's customer log
